**SWEDEN'S FEMINIST FOREIGN POLICY  
WHAT? WHY? HOW?**

In Sweden, gender mainstreaming is an established concept in domestic social policy. But now the Swedish government has taken it a step further and declared itself as the world's first feminist government - one that also will adopt a feminist foreign policy. It will be discussed why Sweden has declared that it will pursue a feminist foreign policy, what it entails in practical terms, and the vision for the future.
